

FAST GEAR PARTS SUPPLIES

CONSTANT SUPPLY. DRIVEN BY EXPERTISE

Founded in 2023, Fast Gear Parts Supplies is a specialized commercial transmission and differential repair centre dedicated to keeping heavy-duty fleets moving. As a direct importer of high-quality Chinese truck parts, we bridge the critical gap where traditional OEM supply falls short. Our foundation is built on more than 15 years of mastery, providing the South African transport industry with a rapid, reliable, and cost-effective alternative to dealership-bound repairs and parts supplies.

OUR MISSION

- To bridge the gap where OEM supply falls short.
- We maintain an extensive inventory required for repair of Chinese Manufactured Transmissions.
- We provide a rapid, reliable repair process that minimizes downtime while maintaining the industry's most competitive prices.

FAST GEAR PARTS SUPPLIES

OUR VISION

To be recognized as the leading commercial transmission and differential repair authority for Chinese trucks across the region

THE FAST GEAR ADVANTAGE – WHY CHOOSE US ?

- **15+ Years of Mastery:** Our core team brings over 15 years of specialized experience in commercial workshops and parts, with expertise spanning all major vehicle brands on the road today.
- **Direct Importers:** We eliminate the "middleman" by importing our parts directly. This allows us to pass significant cost savings straight to our customers.
- **Precision Diagnostics:** Our deep mechanical and parts background ensures accurate fault-finding, leading to faster turnarounds and reduced operational losses for our clients.

MEET THE EXPERTS

- Jonathan Govender

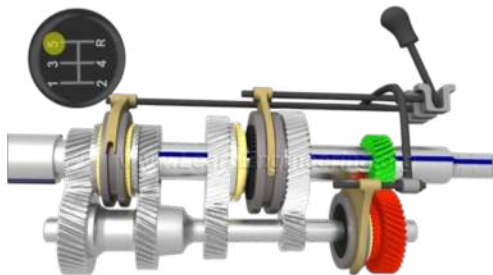

With 15+ years in the workshop and parts sector, Jonathan advanced from working as an admin clerk to Workshop Manager at Zeiss Truck and Bus Units. He possesses a vast technical knowledge of all commercial parts as well as transmissions and differentials repairs.

- Vishal Ramden

Bringing over 15 years of experience from Mayfair Gearbox to Zeiss Truck and Bus and Reliable Truck Parts, Vishal offers unparalleled insight into hard to find parts sourcing and sales for the commercial gearbox industry.

- Keith Moodley

A trade-tested, qualified professional with over 15 years of diagnostic experience and fault finding, Keith worked at Zeiss truck and Bus then moved on to serve as Workshop Foreman at Mayfair Gearbox Durban. He specializes in precision fault finding on all commercial vehicle makes and professional repair to all brands of transmissions and diffs.

FAST GEAR PARTS SUPPLIES

Our inventory list includes ZF, WLY, FAST GEAR AND EATON parts for the following trucks, however we do carry specialized and hard to find parts for the European market

FAW
POWERSTAR
FOTON
SHACMAN
HOWO
SITRAK
SINOTRUCK

WHAT OUR CLIENTS SAY

I tried to find powerstar parts in Google, and FAST GEAR was one of the few places that came up. They had the original parts for a very reasonable price and the next day courier was arranged! I will certainly use them again, should the need arise."

*Sifiso Conjo - MABULO
CONSTRUCTION*

The parts were imported as there wasn't any available. Parts surprisingly arrived in 14 days.

Gearbox repaired and im back on the road in a month. Quick and efficient service. ASHLEY - DURBAN
